REPORT OF SCHOOL BOARD

FOR THE YEAR ENDING MAR. 1, 1893.

Six schools have been maintained in town the past year, and with good results in all. The teachers have worked well and faithfully, and we gladly commend their faithfulness. There has been very little complaint from teachers or parents, so we think that our past efforts to give our few words of caution have been, in a measure, heeded.

There have been 118 different scholars enrolled in town, with an average attendance of 89.

The old brick school house, so called, had a little "fixing" with white wash and paint, which made it look more cheerful and agreeable to both teacher and pupils.

Appended will be found roll of perfect attendance and statistical table, also financial statement of the treasurer.
